SERVICE AND LEADERSHIP

Purdue Lacrosse
Player & Team Website Manager

Flower City Work Camp
Inner-City Missions Work

Young Life
Missions Trip to El Salvador

ABOUT ME

I am extremely excited about the future, and how I can influence it. I love being creative and exploring the boundaries of emerging technologies. Figuring out how and why things work is one of my favorite things to do, and I believe the more that you can understand the reasons behind why things are working, the better you can solve all your problems.

EDUCATION

Rochester Institute of Technology [New Media Design](#)
Pursuing a BFA, New Media Design degree.
Graduating Spring 2018

Purdue University [Computer Graphics Technology](#)
Enrolled for 2 years before transferring to RIT
Courses included geometric modeling, raster imaging, and internet website tech and development.

EXPERIENCE

KODAK [General Design Intern](#)
Summer 2017 - Present
Worked with a team of designers to complete a wide variety of design tasks including creating web experiences, print designs, realistic mockups, and many more projects. I also produced a new concept for the Kodak.com landing page and got praise from all the way up to the CEO.

MirrorShow Management [User Experience Design Intern](#)
Spring 2016 - Fall 2016
Responsible for imagining engaging content for large exhibitions and installations. Work revolves around developing presentations for visual and interactive experiences for a variety of corporate brands that are seen at trade shows around the world.

Rochester Red Wings Baseball [Production Intern](#)
Summer 2014 and 2015
Designed graphics for digital scoreboards, on-air live broadcast, and TV commercials.

CCRG Research [User Tester](#)
January 2016 - Present
Participated in research studies and provided input on websites, advertisements, and mobile app designs.

Freelance Design Work [Logo, website, app design & more](#)
September 2014 - Present
